

QSTEM::rotateVect

```
graph LR; A[QSTEM::rotateVect] --> B[QSTEM::float2D]
```

A diagram showing a function call. On the left, a gray rectangular box contains the text "QSTEM::rotateVect". A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text "QSTEM::float2D". Both boxes have a black border.

QSTEM::float2D
