

libs/eTable.hpp

```
graph TD; A[libs/eTable.hpp] --> B[string]; A --> C[boost/algorithm/string.hpp];
```

The diagram illustrates the dependencies of the file `libs/eTable.hpp`. It is represented as a box at the top with two arrows pointing downwards to two other boxes: `string` on the left and `boost/algorithm/string.hpp` on the right.

string

boost/algorithm/string.hpp
